

Why are solid truths being shredded, and replaced so easily by lies?

Kerry Prayer Meeting: The Principality of Leviathan

Saturday, June 16, 2018 | 10:00 A.M. - 5:00 P.M.

Ring of Kerry Hotel, Valentia Road, Cahersiveen, Co. Kerry

It is easy to feel overwhelmed and confused by all the upheaval in our world. However, it is precisely in this season that the Lord is calling the true Body of Messiah to arise and to advance in bringing Kingdom truth and the gospel message, to our nations. While not everything is to be blamed upon Satan's influences, we need to face the fact that evil powers are purposely working against us.

Kathleen will be teaching this all day seminar on the principality called Leviathan. It is a powerful, operative, demonic influence, strongly associated with this season of the earth. It is vigorously seductive, deceitful and destructive. Leviathan accuses, blames, and skews both hearing and memory, while building up arrogance to fortify its instigated delusions. Feeding upon rejection, this spirit can effectively manipulate other people by manipulating those, who are already under its influence. Impatience, insecurity, and self-promotion operate, along with various twisting manifestations, to cause division, and a lack of rational thinking. We see this spirit operating in the media these days; but it's also rampant in family relationships, in personal friendships, in congregations, in politics, etc.

Wherever Leviathan links together with the Jezebel spirit a lethal stronghold can be established; creating horrific disunity, control, nasty conflicts based upon delusions. Communications can become totally off base and in deep error; leaving truth abandoned or deemed as totally irrelevant. Everyone, who is alive at this time, is subject to being impacted by this evil force.

This 6-hour teaching will scrutinize this spirit, to accomplish two things:

1. To make us aware, and to reveal to the Body the nature and strategies of this enemy that are currently all too successful against us.
2. To learn how to deal with this threat, and how to avoid getting caught up in Leviathan's spin and backwash.

This teaching is not to bring attention to the darkness, but rather to remove the blinders that are currently messing with our discernment and responses. The first session of the seminar will address the first issue. The second session addresses the second one.

After the teaching, there will be a time of prayer to empower, to heal, and to release the participants, to be able to return to their homes and communities to share what they have been given with others. All the material presented is biblically based and presented to glorify the Lord, while unseating His enemies.

If you have experienced any of these manifestations, or if you have felt the impact of these things from those you love, this gathering will provide you with some tools to find understanding, relief, and freedom from this powerful oppressor.
